## **LABEL & ADHESIVE REMOVER FG** **FOOD PROCESSING SAFE<sup>®</sup> LABEL & ADHESIVE** **REMOVER**

**LABEL & ADHESIVE REMOVER FG** is a blend of citrus and hydrocarbon oils which quickly releases self-adhesive labels and stickers by loosening the adhesive, thereby assisting in the clean and easy removal of all residues. Specifically formulated for use in the food industry.

### **FEATURES**

- NSF K3 registered (N° 140259) for use in the food industry
- Removes adhesives and paper labels in 3 minutes
- Particularly effective in removing shipping labels on pallets
- Good material compatibility (always test prior to application)

### **DIRECTIONS**

Spray labels generously with Label and Adhesive Remover FG. Most labels can be pulled off after approx. 3 minutes. In difficult cases, waiting time should be extended to approx. 15 minutes. If adhesive is still stuck to the substance after the label has been removed, spray product on a (paper) cloth and wipe off the adhesive residue.

- If used on plastics or varnished surfaces it is essential to carry out a resistance test before use. Not suitable for objects made of polystyrene or polycarbonate.

### **TECHNICAL DATA**

NSF Registered, Category	:	K3 (N° 140259)
Odour	:	Pleasant Orange
Density at 20°C (Aerosol)	:	0.74g/cm <sup>3</sup>
Flash Point (Aerosol)	:	<0°C
Evaporation Rate (ether = 1)	:	94
Packaging	:	200ml Aerosol

## **STORAGE**

The product may be stored at normal ambient temperatures and has a shelf life of not less than 72 months with correct storage. Aerosols should always be stored below 50°C, away from direct heat and naked flame.

## **HEALTH AND SAFETY**

Health and Safety sheet available separately.
